

# Approved Swimwear for use in pools and spas

The Department of Recreation requires the use of approved swimwear when using our pools or spa due to safety and sanitary issues.

## Approved Swimwear

## Non-Approved Swimwear

**Non-Toilet Trained Children:** To prevent water and deck contamination, non-toilet trained children must wear a tight fitting swim diaper and plastic pants under their swimsuit.

The Department of Recreation reserves the right to deny use of our pools and/or spa for non-approved swimwear. If you are unsure if your swimwear meets our guidelines please check with facility management.
